

7.2.1 – Institutional Best Practices

1. Transparency in Internal Evaluation.

The College follows the evaluation reforms laid down by the University of Madras. The Evaluation process is transparent and Internal Assessment is managed entirely by the college maintaining high quality. The institution is following the continuous evaluation system to achieve the learning outcomes for each course throughout the academic year. This helps each department to work towards achieving the goals. Hence, evaluation is carried out in the form of Class Tests, Internal Assessment, Model Examination, Assignments, Seminars and Group Discussions. The ultimate aim of teaching and evaluation is to improve student learning outcomes. In the beginning of the academic year, the students and parents are informed about the continuous comprehensive evaluation process designed by the University of Madras. It provides information to the students regarding the system of evaluation consisting of cycle tests, model exam and University examination (Part-I, Part-II and Part-III at the end of 1st, 2nd and 3rd year respectively). During the Parents Teachers Meeting, the parents are informed of their wards' performance and their attendance. The evaluation methods used in the college are very transparent and do not give room for any kind of grievances from the side of the students.

2. Hands on Training through ED Cell

In tune with the mission of the college to uplift downtrodden women to be self reliant and financially independent the ED CELL was set up during the 2017 2018 and registered with centre for entrepreneurship development CED ANNA UNIVERSITY as a spoke institution. The CELL aims at identifying capable students with innovative ideas of business venture with a view to promote and support them. To provide the platform for budding entrepreneurs with mentorship by successful entrepreneurs, enhances capacity building through interaction which enables them to develop their entrepreneur skills. To provide hands on experience, various workshops were organised in association with ANNA UNIVERSITY. The CELL serves as a catalyst of the entrepreneurship ecosystem in the institution through its various interventions and initiatives like ED BAZAAR, a mega event organised to exhibit and sell products created by the students.
